

Bob and Dottie Humbert

Notable – Accomplishments/ Contributions

mageehum@comcast.com

Bob and Dottie Humbert are experienced Observers. Bob started observing in 1988 and Dottie in 1993, both in their home city of Battle Creek, Michigan. In addition they have observed at numerous locations in and outside the United States. They have been Observers at national and world championships in the U.S., Japan, and Australia.

They have trained Observers and served as Debriefers at a number of U.S. events including U.S. National Championships. They have been responsible for managing GPS loggers for all U.S. National Championships since 2004, and World Championships in 2008 and 2010. Dottie is retired from teaching school in the Battle Creek school system, and Bob is retired from a career as a scientist with the Kellogg Company.

In 2010 Bob and Dottie received the Annie Pryne Award from the Northeast Ohio Balloon Pilots Association in recognition of commitment and dedication to the Observer Corp and Competitive Ballooning.
